1	<p><u>ENSG Update:</u></p> <p>JS informed the meeting that from 30 June, CCGs will cease to exist and will become 42 Integrated Care Systems (ICS). All have a CEO and/or Chair. JS suggested we go to regional safeguarding leads and ask them for the information on the ICB Chief Nurses so that we can write and encourage uptake of ICON. JS agreed to get a Cornish contact and to get names of the regional safeguarding leads.</p> <p>GH suggested approaching the Rugby Club Foundation who spearheaded the 'Lift the Baby' campaign and ask if they would be interested in promoting ICON as coping with crying is a logical progression from learning to handle a baby. SS agreed to discuss with Sue Anslow.</p>	<p>JS</p> <p>SS</p>
